Assessment - Term 2 - Years 7-11

Dear Parents & Guardians,

This letter is to inform you of the latest updates around your son's assessment tasks scheduled for Term 2.

All scheduled assessment tasks for Term 2 have been cancelled. Tasks scheduled for Term 1 Week 11 will go ahead as planned.

In Term 2, teachers will continue to work with their students via remote learning until further notice. During this time, they will be delivering well planned activities within lessons to ensure students are engaged and focused with their learning. Teachers will assess student responses to the learning activities set and will provide students with feedback that will assist them to further improve their learning. Records of assessment made of your son's progress in this way will be considered fairly against NESA's Course Performance Descriptors in each of the subjects studied by your son. In addition, your son will be invited to provide his teachers with feedback around his learning needs. This will also contribute to accurate assessing in this format.

Be assured the College values your son's education very highly and has carefully considered matters relating to assessment in these difficult times. We feel confident that, although the educative environment has changed, the teaching and learning process at MCNS remains strong. At this time our *Dare to Be* principles are just as important as ever and we would encourage you to continue to support your son in his efforts to **challenge** himself, be **relational** and **engaged** (albeit in a remote way) in his learning, and to **think deeply** about what he is learning.

Thank you for your ongoing support of the College and your son's learning.

Yours sincerely,

Luke Hill
Curriculum Coordinator

Tony Duncan
Principal
